

Amsterdam Excel Summit

May 14, 2014

Master the latest techniques to excel in your work

Bill Jelen

Ken Puls

Charles Williams

Frédéric Le Guen

Meet & Greet and photo opportunity with our MVPs

Improve your Excel skills and get first-hand knowledge from the absolute best Excel experts in the world

An absolute unique group of Excel MVPs will gather in Amsterdam to share their expert knowledge with you. The Excel MVPs happen to be in Amsterdam for a meeting and we've succeeded in getting some of them to present at our event. There is not much chance on this happening again anytime soon, so make sure you register!

Attend this comprehensive training program and you will:

- Understand PowerPivot – PowerQuery – PowerView –PowerMap
- Learn the intricacies of advanced lookups
- Make Excel Calculate Your Workbooks Faster
- Understand the power of array formulas
- Build a PowerPivot Time Machine
- Learn new tips & tricks
- Create stunning and dynamic Excel visualizations
- Receive documentation, lots of valuable files and giveaways
